		0	Be sure all the wires and codes are not damaged. (Causes of falling • damage)		
At lighting fixture installation	Warning	0	Please follow the fixtures' instruction or this guide to install the fixture and lamp. (Causes of falling • electrification • fire		
		0	Switch off the power when installing the lamp. (Causes of electrification)		
		$\bigcirc$	Do not touch the fixture when switch is on or just turn off the switch because of high temperature.		
		$\bigcirc$	Do not put or cover the fixture by any cloths, papers, or insulators.(Causes of not lighting • fire)		
		$\bigcirc$	Do not place any metallic or flammable objects. (Cause of electrification • fire • broken fixture)		
		0	Make sure to install all the parts of fixtures besides installation and mounting parts will not touch with any objects both inside and outside of ceiling such as lighting track, etc. (Causes of falling • electrification • fire)		
		$\bigcirc$	Do not dismount or remodel fixtures. (Cause of electrification • fire • falling • broken fixtures)		
		$\bigcirc$	Do not operate with wet hands.		
		0	If you smell smoke, see smoke, or find anything unusual, please turn the switch off and ask construction companies to repair. (Cause of electrification • fire)		
	Caution	0	Make sure the construction will not affect any fire prevention systems such as sprinkler by heat from the fixture. (Causes of improper operation)		

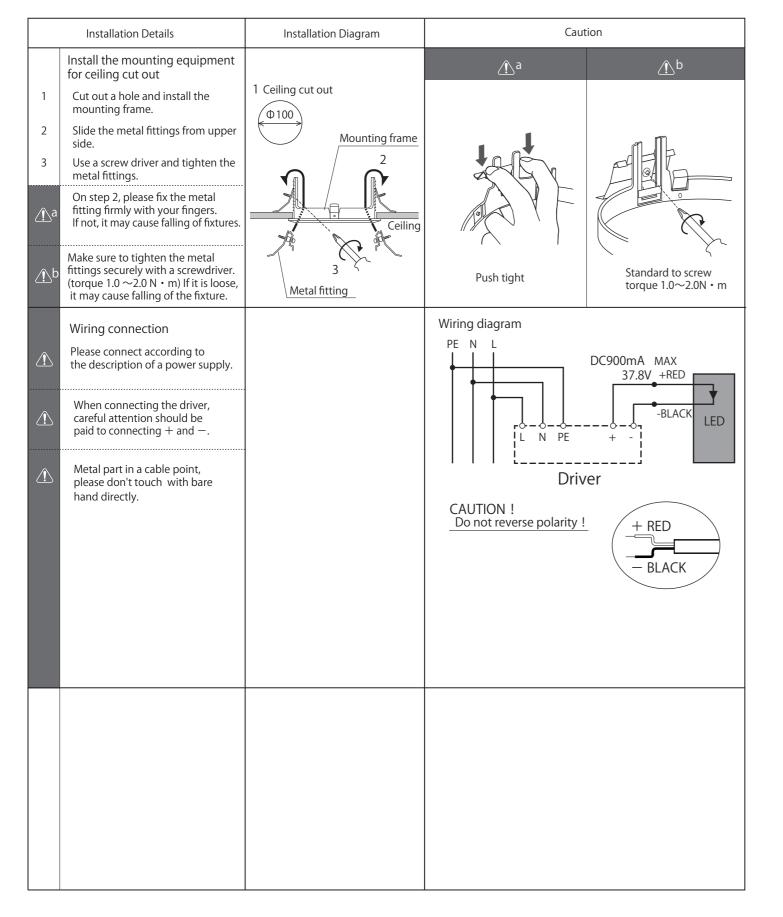

## Installation Guide

# Lighting Fixture

### Installation Guide | Lighting Fixture

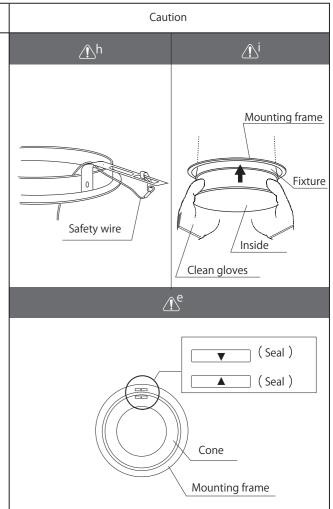

#### SLICK UNIVERSAL

#### MSP-100A/FLF/30B/DL/0

	Installation Details	Installation Diagram
	Installation to ceiling	
1	Install the safety wire to the mounting frame.	
2	Install the fixture to the mounting frame.	Safety wire
٨h	Make sure to install the safety wire to the mounting frame securely.	Ceiling
Ŀ	Use clean soft cloth to clean up and maintain inner side of the body.	2 T Mounting frame
	Make sure the fixture will not touch any objects in ceiling.	
<u></u> <sup>e</sup>	Match the ▼mark on the Cone with the ▲mark on the mounting frame to take off the fixture. When you try to pull it out without matching the ▲ and ▼marks, it may cause damage to the fixture and the mounting frame.
